Cooking with gas has greatly reduced the work of housekeeping. It is clean, quick, efficient. Apply a match any hour of the day or night and you have immediately a heat that is intense and even.

There's no "sweating and fussing" when cooking with gas; nor is the kitchen heated to an insufferable degree.

No home should be without "Pacific Service." It's an up-to-date, economical convenience that saves time and money.

CITY OFFICIAL PAPER

**Boost Your Property

With the
Development Association**

Issac Guggenheim's statements that, if justly treated, the great corporations of the country will "give the country one of the greatest eras of prosperity it has ever experienced," is impressive only because it affords a concerete example of the coarse and brutal ignorance displayed by men whose genous for piling up wealth has pinched out their patriotism.

The fame of Reno has gone a-glimmering. The legislature of the sagebrush state has passed a law requiring a residence of one year in the state before suit can be commenced for divorce, whereas the time has been only six months heretofore. The new law will pratically stop the wheels of the Nevada divorce mill. People may still desire divorces, as much as ever, but a years residence in Nevada is a tremendous price to pay for such a luxury.

AN UNJUST CRITICISM.

The San Francisco Bulletin's criticisms of Judge Buck in the H. P. Hutton case is unjust and unfair and does the Court an unwarranted injury. The Judge fined the young man $150 for what was at most a mere technical violation of the automobile regulations. Although the boy was but 19 years old the Bulletin editor would have him sent to San Quentin prison for this slight indiscretion. And yet this same journal poses as an advocate of prison reform, the probation of prisoners, etc. O consistency, thou art truly a jewel.

Judge Buck imposed the fine at the suggestion of the District Attorney, who declared that he would not send the young man to prison for the offense charged. Those in the courtroom at the time thought the Judge was rather srvere in imposing the $150 fine in view of the fact that young Hutton's father had liberally paid for all damages that were done.

NO CHANCE FOR HUMANITY

Now comes Dr. Rupert Blue, the eminent goverment expert who drove all the rats and mice out of San Francisco, with a warning against disease germs on lumps sugar—as fingered over by patrons of public eating houses—and declares that customers should be compelled to use tongs. This advise may be all very well as far as it goes, but what about the waitress who dumps the lumps into the bowl by the handfull, or the cook who cuts the bread, or tates the soup or handles the meat, or cleans the poultry, or in numerous other ways may disseminate microbific germs ranging from those of typhoid fever to influenza.

Seriously, if the theories of the good doctor are correct, living or existing is simply one long bug-infested dream. What shall we do to be saved against these enemies if the human race that lie in wait to fiind a hahitation in which to raise a family of germs of more or less pernicious activity? And with all that we may do, and with even the eminent Dr. Blue to help us, does it not seem a usless task to try to escape the fate that is in store for us?

A GOOD SUGGESTION.

The Supervisors at their last meeting snggested a raise in the fee charged for burial permits from one dollar to two dollars and fifty cents. The matter will come up for definite action at the meeting of the Board next Monday and it is to be hoped the suggestion will be incorporated in an ordinance to be adopted regulating the fee for disinterment permits.

The Supervisors will show good business sense, as well as statesmanlike acumen, by making the increase as proposed. San Mateo County is on the eve of a bond election to provide funds for good roads, and this will mean increased taxation. By the suggested advance in the burial permit fee, a sufficient revenue could be secured to offset the extra demands made by the bond issue.

It is pretty well established that more than 100,000 bodies will be removed this year from the San Francisco cemeteries to the burial places of this county. The San Francisco supervisors recently adopted an ordinance closing the cemeteries within the city limits and compelling the removal of all bodies therefrom. It may therefore be seen what a big income the county will receive if the two dollar and fi[illegible]y cent charge is maintained.

It cannot reasonably be contended that it will be a hardship for the friends of the dead to pay this small sum when it is taken into consideration the large amounts that will be expended in attractive burial plots and costly monuments. The Supervisors should not lose this golden opportunity to enrich the treasury. San Mateo County has been made a general dumping ground for San Francisco, and its citizens may just as well profit by this suggested wholesale removal of bodies to the county.

A COMMENDABLE MEASURE.

The bill to prohibit prize fights introduced in the Assembly by Henry Ward Brown is a splendid measure. If it is passed it will put an end to prize fights in this state for all time. It is an ironclad document, so to speak, that cannot be overcome hy technicalities or the scheming of the wily priz fight promotor. Mr. Brown is deserving of the commendation of the people of the entire state for his earnest endeavor to blot out one of the most debauching vices that has enthralled the state, and particularly this county, for many years.

HUMAN SYMPATHY.

In the struggle and battle of life there is no one strong enough to brave the contest alone. All need sympathy and help, and they must have it or sure disaster and defeat will overtake them.

He who thinks himself strongest, when his life bark rides gaily before the breeze, with sails filled with the winds of prosperity, is often the weakest of the weak when the storm and the tempest come. Thus in the hour of sorest trial, many a weak woman has been strong and brave to endure, where stalwart manhood has succumbed and drifted helpless and discouraged before the gale of adversity.

Life is sweetened and made beautiful by sympathy. Its asperities are toned down and its rough places made smooth by the touch of a gentle hand and the tone of a loving voice. Even its severest trials may be endured and its heaviest burdens borne when aided by a little thoughtful help.

A PLEASING SITUATION.

Considering all things Redwood City is now enjoying the greatest era of prosperity it has had during our connection with this municipality. Practically everyone who wants to work is now engaged. The two tanneries are running on full time. Builders and artisans of all description are working and an air of general good feeling is prevalent.

Economically, things are as they should be. As to the social side of our town, the young and old though now enjoying their lenten rest find sufficient social recreation in the numerous dances and parties. Redwood City is a place without cliques.

The physical properties of our town cause remarks of pairse from all who have occasion to use our fine, well-paved, well kept streets. And finally the health conditions are such as to give pleasure to all except our local plyhicians because(and I have tapped on wood three times) sickness is now at a minimum. The schools show almost a perfect attendance, few cases of illness being reported.

Therefore brethern it behooves us to let our friends know that we are liv'ng iu a good time and among good people. Write to your friends and invite them to Redwood City. Show them the beautiful surroundings. Let them enjoy our perfect weather. They will then become as enthusiastic about our town as you yourself should be.

St. Valentine's day was observed by the younger beaux and belles of our city yesterday and post boxes were in evidence in all of the rooms of the public school. The practice of giving and receiving cards on this day comes from an old custom. St. Valentine, a bishop and martyr who was beheaded on February 14, was much beloved by all betrothed couples as he helped them in their love affairs. Originally in France on the anniversary of the saint's death a lad would choose his lassie for the year and in a great many cases the choosing resuteld in marriage. In our own time the custom has degenerated into the idea of giving cards and pictures to friends and sweethearts.

Dissatisfied Property Owners

There is some dissatisfaction among the property owners concerning the street work that has just been completed by Teichert & Son. It is claimed that the contractors at first offered a discount of 10 per cent to all owners who would pay for their portion of the work on completion. They now offer a discunt of 5 per cent and are giving a very limited time in which to make settlement. It is also claimed that the streets are not graded as high as the specifications call for. A further allegation is that the macadam is short and that the the required quantity of oil was not spread thereon. It is understood that the property owners will protest against the acceptance of the work and will resist payment.

GOVERNMENT WANTS ROAD INFORMATION

The following communication from the Congressional Committee on the construction of post roads is respectfully submitted to the progressive citizens of the county. It is worthy of attention:

Editor Times-Gazette, Dear Sir: I am very anxious to obtain for the benefit of the Joint Committee, an intelligent expression of public opinion on the basic questions involved in the granting of Federal aid in road improvement. It occurs to me you might like to co-operate in this matter to the extent of stimulating the public to an expression of their views. If this suggestion strikes you favorably, will you kindly advise me as early as practicable as to public opinion in your section of the country on the following questions:

1. Should the Government make appropriations in aid of public roads?

2. On what roads should the first Government appropriation, if made, be expended: (a) all roads; (b) post roads (r. f. d. and star routes); (c) main traveled market roads; (b) main highways connecting important cities and towns in state; (e) trunk line, interstate highways connecting State capitals and large cities?

3. Should the Government appropriation be expended on construction, on maintenance, on general improvement, or on any or all of these, or should the allotment by the Government be unconditional, or paid as a reward after local authorities have constructed or maintained a highway in good condition?

4. What proportion of cost of construction, improvement, or maintenance should be born by National Government, State, county, road district, and abutting property owners, respectively, or what amounts should be allotted to the States on an unconditional plan or what amounts per mile should be paid as rewards?

5. Should the Federal appropriation be apportioned among the States on basis of population, area, mileage of roads, mileage of rural and star routes, taxable valuation, or a combination of these?

6. Should the supervision of construction or maintenance of Government aided roads be by the Federal Government, the State and local authorities, or jointly?

Kindly let me know in what manner you submit these questions to the people of your community, and how soon you can probably report the consensus of opinion.

Yours very truly,
JONATHAN BOURNE JR.
Chairman.

Electric Railway Plans Ready.

Maps prepared by the engineering department of the Southern Pacific for the proposed new road down the peninsula have been completed and approved by the executive officers and according to semi-official reports actual instructions to begin construction are expected from President Lovett any day.

Contrary to previous rumors these maps provide for a direct short line from San Francisco to San Jose instead of by the Los Altos and Cupertino road from Mayfield.

It is known that the Southern Pacific officials are anxious to have the terminus of the new road in San Francisco at either Fifth and Market streets or Twelfth and Market streets. Just how this arrangement will be effected has not been indicated, but one report is that satisfactory arrangements have been made with the United Railways to permit the new road to run over its tracks on Fifth street from Townsend street to Market. Still another solution is offered in the purchase of a controlling interest in the United Railways by interests friendly to the Southern Pacific, which would of course open the way for any avenue of access into San Francisco desired.

It is understood that the electric trains will be run at great speed down the peninsula, giving such a service as is given on the east side of the bay. A schedule of fares similar to that of Alameda county will also be inaugurated.

PASSING OF THE OX-DRIVER AND THE OLD METHODS.

One of the most interesting 1913 calendars issued in Palo Alto is the conception of John Dudfield of the Dudfield Lumber Company. The picture is a large photograph of the ten-ox team formerly used at Dudfield's mill beyond La Honda to draw the train of logs from the mountain sides down the skidroad to the mill. The picture shows the figure of the famous ox-driver of the Pescadero, the man of the most picturesque vocabulary on the coastside. To see and hear this mountaineer was to know the poetry and romance of the woods in pioneer days. Painful to report, the ox-driver and the oldfashioned method of skidding logs down the mountain side have both been eliminated. A donkey engine now does the pulling instead of the oxen, and the poetic figure of the driver has given place to a dignified engineer of immaculate speech.

Officer Dick Hanley of San Francisco was a visitor to relatives here Sunday. Officer Hanley has been on the force for twenty years and is now eligible to retirement on a pension if he desires. However, it is doubtful if he will give up his work as he is in excellent health and comparatively young. He is one of the best men on the police force.

MUZZLE YOUR DOG IF YOU VALUE HIM

POUNDMASTER HAS ORDERS TO KILL ALL CANINES THAT ARE NOT SECURED.

Rabies Has Broken Out in Town and Towser May Get the Disease and Bite Some One.

Unmuzzled dogs lead a hazardous life in this city these days. The poundmaster is autorized to exterminate all such canines and he is doing his work thoroughly. During the past week over thirty curs have turned up their toes because their owners have failed to live up to the safety precautions prescribed by the city council. Within the last two weeks there have been a number of cases of rabies and several people have been attacked. In one instnace a whole family has taken the Pasteur treatment on account of being bitten by a pet dog.

There is no means of knowing what causes the disease or when it is apt to break out. The safest way is to muzzle the dogs and keep them off the streets. The attention of dog owners is called to the following sections of the city ordinance dealing with the subject:

Section I. Every dog within said Town of Redwood City not kept within a sufficient enclosure or not being effectually muzzled so as to prevent such dog from biting persons or animals, is hereby declared to be a menace to public health and safety.

Section II. Every person owning or having control of any dog, shall, when said dog is upon the public streets, highways, avenues, sidewalks or public buildings in said Town of Redwood City, effectually muzzle said dog with a wire muzzle of a pattern approved by the Health Officer of the Town of Redwood City, so as to prevent it from being able to bite persons or animals.

Section III. Every dog upon the public streets, avenues, highways, sidewalks or public buildings in said Town of Redwood City which is not effectually muzzled as required by the provisions of Section II hereof, shall be impounded in the public pound by the poundmaster of said Town of Redwood City. The said poundmaster shall advertise the capture of dogs as provided in this ordinance by posting three written notices in three public places of said Town describing the dog, the date of its capture and the locality of its capture. Said notices shall be posted for two days. The owner or person having control of any dog captured under the provisions of this ordinance may redeem said dog by paying to the poundmaster of said Town the expenses of keeping said dog, together with a redemption fee of two dollars. All dogs captured pursuant to the provisions of this ordinance and not redeemed within three days, shall be killed by said poundmaster. Poundmaster shall receive from the Town of Redwood City the sum of one ($1) dollar for each and every dog killed under the provisions of this ordinance.

Section IV. Every person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof, shall be punished by a fine of not more than fifty ($50) dollars, or by imprisonment in the county jail for not more than fifty (50) days, or by both such fine and imprisonment.

Poundmaster Shine has also made public the following timely advice to owners of dogs:

First—Secure a license from the city clerk and put it on the dog.

Second—Secure a muzzle of the kind approved by the Health Officer—put that on the dog and turn him loose.

Do not try to make your large dog wear a muzzle that was made for a poodle.

Do not buy a muzzle for your greyhound that was made for a bulldog.

Do not strap your dog's jaws together, thinking you have him muzzled. That punishes a dog and any dog so found will be taken up.

As long as your dog stays in your yard you do not need to put a muzzle on him. You can lead a dog through the streets without putting a muzzle on him.

BURIED AS PAUPER WHILE WIDOW SEARCHES IN VAIN.

Fatally injured by an express train near his home at San Bruno, Edward Richard Rose, a former soldier, was buried at the San Mateo poor farm while his widow was conducting a state-wide search for him.

The victim was unidentified until Tuesday, when the body was exhumed. He died several days after the accident at the Red Cross Hospital in San Mateo. As no one knew him he was consigned to a pauper's grave. News of the accident finally reached the widow and the body was dug up. She identified it.

Rose was 48 years of age and a native of Virginia. He leaves a widow and two minor children. He will be interred at Cypress Lawn. Deceased was a member of the Odd Fellows.

Dissatisfied Property Owners

There is some dissatisfaction among the property owners concerning the street work that has just been completed by Teichert & Son. It is claimed that the contractors at first offered a discount of 10 per cent to all owners who would pay for their portion of the work on completion. They now offer a discunt of 5 per cent and are giving a very limited time in which to make settlement. It is also claimed that the streets are not graded as high as the specifications call for. A further allegation is that the macadam is short and that the the required quantity of oil was not spread thereon. It is understood that the property owners will protest against the acceptance of the work and will resist payment.

Miss Julia Glassford, the teacher whose serious illness was reported last week is still at St. Mary's hospital in San Francisco. Friday she was operated on for appendicitis and since that time her condition has very much improved and there is hope for her speedy recovery.

GRAND PRESIDENT VISITS LOCAL NATIVE DAUGHTERS

Olive Bedford Matlock of San Francisco, the Grand President of the Native Daughters of the Golden West, officially visited Bonita parlor last Thursday evening and inspected the ritualistic work of the parlor. The meeting was conducted in an able and businesslike manner. The large attendance enabled the officers to exemplify the ritualistic work perfectly, for which they were highly complimented.

Among the distinguished guests were the District Deputy Grand President Bessie Kohn of San Francisco, Grand Trustee Josie Barboni of San Jose, Past Grand President Mae B. Wilkins of Santa Cruz, and large delegations from San Jose, Palo Alto and San Mateo. Under the head of good of order many complimentary remarks were made by the distinguished guests.

On behalf of the parlor the Grand President was presented with a silver souvenir of the occasion. The past president, Nettie Kinne, and the recording secretary, Mary E. Read, were each presented with tokens of appreciation of their faithful services, after which the parlor adjourned to the banquet hall where a dainty supper was spread. The ladies were pleasantly entertained by Josie Barboni and Lizetti Faber with music and songs until train time.

INDIAN BURIAL PLACE RICH IN ANTIQUITIES

An old Indian camp or burial ground on the property of J. P. Ponce at Mayfield is furnishing the archaeologists of Stanford University with many valuable relics of prehistoric days in California. The antiquities are being preserved for the museum.

Perhaps the most interesting curio unearthed is the skeleton of an Indian girl, evidently about 16 years of age, with a petrified wooden arrow penetrating the skull.

The property on which the mound is located, originally was owned by Secundino Robles, a wealthy Spaniard, long since dead. Many years ago Robles told early settlers in Mayfield that his father remembered the time when 3,000 red men camped on the plateau between the mound and what is now the university campus.

In addition to numerous skeletons and skulls, the excavations have brought to light abalone shells from the ocean, smaller shells and fish bones from the bay, bone needles, arrow-heads, stone mortars and pestles and large quantities of ashes.

Professor Harold Heath has unearthed relics in the mound from time to time and a party of students from the Affiliated Colleges in San Francisco recently excavated an area of 20 by 75 feet and nine feet deep. They carried away from 800 to 900 pounds of curios.

ROUGH ON THE SNAKE; DIDN'T HURT THE EGG.

Chase Littlejohn delivered an interesting lecure on predatory birds and animals before the Game Protective Association at San Mateo last Friday night and gave the hunters much valuable information, not forgetting to tell his hearers a joke in which himself, a gopher snake and a china egg were involved.

Some time ago Littlejohn caught the snake in the act of swallowing an egg. Instead of dispatching the animal he concluded to find out how long it would take the digestive power of the snake to dissolve the egg. He accordingly waited and watched. The hours slipped away slowly and the snake slept comfortably while the distention of its body did not reduce in size, showing that the digestive process had not taken place.

After twenty-four hours had passed and the egg was still evident in the snake's stomach, Littlejohn's patience gave out and he killed the egg thief and slit the body across the middle and out popped a China egg which had been used to lure the foolish hens into false hopes of motherhood. All of which goes to show that there are fools among the snake tribe as well as among hens.

PETER KELLY CAPTURES FUGITIVE MURDERER.

P. E. Kelly who served as deputy sheriff during the former terms of Sheriff Mansfield, distinguished himself recently by the capture of a desperate character named John Torgerson at Roseburg, Oregon. Since leaving Redwood Kelly has become a detective for the Southern Pacific in which occupation he has proved of great value to the company. Recently he was transferre to Oregon.

Torgerson was arrested on several charges of post office robbery. While he was in jail it was learned that he was a fugitive from Tehama county for murder. When he left that county he took another man's wife and children with him. A reward of $400 was offered for his arrest.

Frank Chaves of this city was married in San Francisco January 30th to Miss Helen Roche. The couple will reside in San Francisco.

A MESSAGE TO WOMEN

Who are "Just Ready to Drop."

When you are "just ready to drop," when you feel so weak that you can hardly drag yourself about—and because you have not slept well, you get up as tired-out next morning as when you went to bed, then you need help right away.

Miss Lea Dumas writes from Malone, N. Y., saying: "I was in a badly run-down condition for several weeks, but two bottles of Vinol put me on my feet again and made me strong and well. Vinol has done me more good than all the other medicine I ever took."

If the careworn, haggard men and women, the pale, sickly children and feeble old folks around here would follow Miss Dumas' example, they, too, would soon be able to say that Vinol, our delicious cod liver and iron remedy, had built them up and made them strong.

It is a wonderfully strengthening and invigorating body-builder, and we sell it under an ironclad guarantee of satisfaction. You get your money back if Vinol does not help you.

HORN MAY ESCAPE BIGAMY CHARGES

DISTRICT ATTORNEY SWART HAS EVIDENCE SHOWING FIRST MARRIAGE WAS BOGUS

Pastor Confessed His Duplicity and Admits That Story of Twin Brother is Also a Fabrication.

Mystery no longer surrounds the Rev. Frank Horn, former Richmond clergyman, now in jail in this city under a charge of bigamy preferred by the woman who claims him as her errant husband, but who, according to the tale he has stoutly maintained, is really the wife of his twin brother.

Confronted by documentary evidence of a past which he had almost succeeded in concealing, Horn broke down this week and made a full confession to District Attorney Franklin Swart that he had changed his name from Owen F. de Tovrea, and that he is the lawful husband of Eva Mae Metz de Tovrea of Redding.

Then, rising triumphantly, "the wily preacher proved he has never committed bigamy, because the woman with whom he first lived, and who later sued him for divorce, had never been his wife.

Horn, or de Tovrea, will conclude his "out of the fire, into the frying pan" gymnastics today, when magistrate H. W. Lampkin will relieve him of the bigamy charge at his preliminary examination, and, unless new evidence intervenes, set him free to fight his wife's divorce suit as he sees fit.

So ends the celebrated case of the former pastor of Richmond's First Baptist church, a case which has had no counterpart in the ecclesiastical history of California.

The "Munchausen of the Pulpit" became pastor of the Richmond church last June. Straightway he proved himself an unusual clergyman. He started a skating rink in the basement of his church, he offered to marry all comers without fee, and when figuratively pulled from his pedestal and literally chased into the top of the church belfry last month by Mrs. de Tovrea, a San Francisco woman who had suddenly traced her missing husband to the Richmond parsonage, he explained to his parishoners that his twin brother, who frequently gets him into trouble was really the woman's husband.

Then the parson disappeared. When found, he was jailed at Martinez because his wife had found that Jennie Sidwell de Tovrea, now dead, had sued him for divorce after he had taken her as his wife. Horn was transferred to the county jail here as the bigamy if committed at all was committed in this county.

Four documents obtained by the District Attorney cleared up the case. The first was a marriage certificate by mail from the parents of the Sidwell woman. This turned out to have been written by Horn's own hand.

A telegram from John P. Cook, County Clerk of Alameda county, showed that a license had been issued for the man who was then de Tovrea, and Jennie Sidwell, September 24, 1909, but that a marriage of the two never had been recorded.

Jennie Sidwell, probably to save her face, sued de Tovrea for divorce at Everett, Washington, a leging the marriage to have occurred at that place on or about May 16, 1909. In answer to Swart's query, W. F. Martin, clerk at Everett, wired that no license or marriage concerning the two had been recorded there.

District Attorney Swart is convinced that the "twin brother" is as much a creation of the clergyman's imagination as the deeds Horn has ascribed to him.

Colma News Paragraphs.

COLMA, Feb. 12—The idea of reducing the disinterment fee from $10 to $2.50 in order to please the Chinese Six Companies and others, and at the same time increasing the interment fee from one dollar to two and a half does not look very white. The people of the First township are well pleased to know that their supervisor, Jim Casey, did not vote for that idea. Wonder how much was paid for getting signers to that petition. Wonder if the intelligent signers considered what they were giving the dear Chinese, when they wrote their names upon that petition. If there were 500 signatures, each one cost the county $600. And to cover the fa vor to the Chinese the white pe ple are to be taxed one and half dollars more for their dea Well, can you beat that? At thi proceeding there is a general in clination to vote against even "Good Roads."

LINCOLN SCHOOL ALUMNI HOLD ANNUAL REUNION

Benjamin G. P. Smith, John A. Britton and A. M. Robertson of this city attended the annual banquet of the Lincoln Grammar School Association held at the San Francisco Commercial Club Rooms, Merchant's Exchange Building Wednesday evening. By the plan of this organization all who attended the Lincoln school, whether they graduated or not, prior to and including 1875, are eligible for membership. The gathering Wednesday evening was entirely informal. The members met on the plane of the old school daysand about the banquet board was fully 300 members and several teachers who taught in the good old days. Mr. John A. Britton is president of the association and in his talk Wednesday evening became reminescent, recalling numerous incidents of those bygone days. He told of how he and Ben Smith played marbles together and how he won all of Ben's stock in trade, sending him home marbleless. Ben returned to school the next morning and won all the marbles back, as well as those of young Robertson. The latter boy was an expert at the game and when the little fellow Smith secured his treasure, he was very much perturbed and annoyed, but the little fellows did not quarrel, but on the contrary, became fast friends. The annual reunion of those old chaps about the festive board is always an occasion of great merriment and it is never missed by any of them. Many of the most prominent business and professional men of San Francisco belong to the association. The association has several members in other states and abroad who take a deep interest in the organization. The old boys felt young again and lustily gave vent to the following melody in the manner they used to nearly forty years ago:

VACATION DAYS.

O, dear is vacation when the summer hours are come,
And we roam in the fields far away;
When we gather roses wild, each a very merry child,
And are happy all the long sunny day.

Chorus.

O, school vacation days,
When we roam in sportive ways,
Have a charm we will remember to the last,
Mem'ry'l keep them bright forever,
We shall ne' r forget them ever,
Wheresoe'er our lot may be cast.

O'er the fields we are bounding as free as any bird,
Or walking by the river's shining tide;
And we joke, and sing and play, toss about the new mown hay,
'Mid the bushes and the trees seek and hide.

The Redwood City Woman's club entertained a number of its friends at the club house in Dingee Park last Tuesday evening. Mrs. C. D. Hayward and her daughter, Mrs. Kalenborn were the hostesses. They proved to be charming entertainers, making the evening a very pleasant one for the guests.

The dental parlors of Dr. Cummings were robbed late Thursday night. The thief gained an entrance to the main hallway by by crawling through the skylight on the roof and then pried open the door to the doctor's office. The culprit secured about $100 in bridge and crown gold and then made his escape. He left no evidence as to his identity.

District Attorney Franklin Swart late last night received a letter from a woman in Oregon stating that she was married to Rev. Frank Horn on July 4, 1906 and divorced him in 1908. She said in the communication that Horn was a worthless fellow and would not support her. Evidentaly Horn was a favorite among the ladies and his marriages are as numerous as his aliases for he is known by many names.

MUCH WEDDED PREACHER ESCAPES ON TECHNICALITY

Rev. Frank Horn, the clregyman with numerous aliases, charged with the crime of bigamy, was dismissed by Judge Lampkin on Thursday, there being no evidence to hold him. Horn was represented by Attorney Clark of Richmond. District Attorney Swart asked that the case be dismissed as he was certain there was no evidence to convict. He had made a searching investigation and was positive the defendant could not be held on the charge of bigamy that was filed against him. Mrs. Horn some time ago filed the charge alleging that he had a wife in Everett, Washington, when he married her at Redding in 1910. Horn, who has charge of the Baptist church at Richmond for some months past, explains his alleged first marriage to Jennie Sidwell in a satisfactory manner. In 1909 he came to Oakland from Everett, Washington, accompanied by the woman and lived with her for some time. He sent her north to her home with a fictitious marriage license to appease the woman's relatives. On the strength of the spurious document she secured a divorce and died a short time afterwards. The story told by Horn was verified by the district attorney. The records of the Town of Everett show that no such marriage as that stated in the license was ever recorded in the northern county and that the church mentioned does not exist. On this showing Horn has escaped punishment, which from a moral point of view he richly deserves. He has done more to destroy the good work of religion and its upfilting effects than ten ministers of the gospel can overcome or repair.

A social hour was spent and a dainty repast served.

SPIRITISM SAID TO BE DEMONISM.

A most interesting little brochure has recently come off the press setting forth with Bible proofs that the communications received by and through Spiritist Mediums is of Demon origin. The writer traces his subject through the Scriptures from the time when certain of the holy angels became disobedient. He proves from the Scriptures that these fallen spirits personate the human dead, with whose past history, spirits, though invisible, are thoroughly acquainted. He shows that they also frequently personate the Creator and the Redeemer, commanding their deceived ones to pray, do penance, etc. This, however, is merely to lead them on and to bring them more thoroughly under demoniacal control. Sometimes by breaking down the natural barrier, the human will, they possess their victim, and rule him more or less to his ruin—frequently sending such to the mad-house. Numerous illustrations, Scriptural and otherwise, are given. The price of the little book is but five cents; it should be in the hands of all interested in Spiritism or who have friends interested therein. THE GOLDEN AGE AT HAND.

Scriptural Evidences That Are Astonishing—No One Can Afford to Be Without the Knowledge.

We do our friends a valuable service when we call their attention to the valuable book entitled, "THE TIME IS AT HAND," in which are given many Scriptural evidences to prove where we are on the stream of time.

"Men's hearts are failing them for fear" and many of the leading thinkers are proposing remedies to better conditions. The Scriptures assure us that man's extremity will be God's opportunity, and this book holds out an anchor to those who fear the wave of unrest now spreading over the world.

The honest heart confesses that it is at a loss for an explanation of transpiring events. While we refer to this as the BRAIN AGE and the Age of ENLIGHTENMENT, nevertheless many realize that we are fast approaching a crisis which is wrapped in darkness owing to the present worldwide social, religious and political unrest.

Send 35 cents at once for the book. Bible and Tract Society, 17 Hicks Street, Brooklyn, N. Y.
